

DIGITAL VIEW LCD Controllers

RoHS Compliant This product is RoHS compliant.

DIGITAL VIEW LCD CONTROLLER BOARDS

Digital View is the leading supplier of LCD interface solutions for application specific OEM display products.

Features:

- Suitable for project design-in
- Highly flexible panel support
- Customisation for specific application requirements
- Extensive range of standard features
- Comprehensive OSD control
- Cost effective global organization with volume manufacturing in Asia

DIGITAL VIEW HD-SDI ADAPTORS

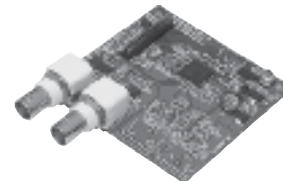

The HD-SDI (High-Definition - Serial Digital Interface) adaptors enable the Digital View SVH-1920 LCD controller card to support single or dual HD-SDI connections, thus providing a highly featured alternative to expensive HD-SDI monitors or external adaptor devices. The adaptor is design to sit side-by-side with the SVH-1920 using a parallel ribbon cable to maintain the low profile required of today's professional class LCD monitors.
